ON A FURLOUGH

Private Ed. Wiget of the Second Regiment Comes Back to Portsmouth.

Ed. Wiget, a private of the Second United States regulars, arrived home this morning on a thirty days' furlough. Wiget was one of the first party enlisting with Lieutenant Johnson. He left his regiment Saturday afternoon at Montauk. He reports the boys who enlisted from here as being well and in good spirits. When they first joined the regiment they were encamped at Lithia Springs. While there they did not fare so well. Considerable of the time they had hardly enough to eat, and those in the division hospitals did not receive the treatment they should, by far. Since they have been in camp at Montauk they have had anything and everything they wanted and their sick have been well cared for.

The Red Cross society are deserving of a great deal of credit for the condition of their camp and treatment. He says several of the boys will likely be home in a few days, as it was reported when he left that all the sick would be furloughed as soon as able to travel. He said it was a camp report the morning he left that the regiment would be transferred to some point in Alabama next week. Whether true or not, he could not tell.

An Art Exhibition.

There is an exhibition at Reilly's book-store some fine specimens of the work of Miss Cook, a noted artist of Columbus, who is now in the city arranging for art classes. Her studio will be the Makem parlor, on West Second street, to be vacated by Dr. F. M. Warwick.

Entertained at Dinner.

Mrs. S. L. Gilbert entertained a party of friends at dinner at the Biggs House today. The guests present were Mrs. Horace Leete and daughter, Mrs. Mary Leete Small, of Minneapolis, Minn.; Mrs. Geo. O. Newman, Mrs. W. J. H. Cadot and Mrs. Jas. W. Newman.

BLOWN TO PIECES

Was a Gasoline Stove on Chillicothe Street Tuesday Night.

A great deal of excitement was caused in the vicinity of the N. & W. depot Tuesday evening about six o'clock by the explosion of a gasoline stove at the residence of Mr. and Mrs. "Maje" Rainey. Mrs. Rainey was getting supper when she noticed something wrong with the stove. Pluckily she seized the stove and hurled it out through the window into the yard. The stove had barely left her hands when it exploded being blown to pieces. Somebody turned in an alarm but there was no need of the fire department.

SOLD ON SUNDAY

And Fred Leppin Was Hauled Up Before the Mayor Monday.

Fred Leppin, proprietor of the Eureka hotel near the C. F. & V. depot was before Mayor Glidden this week charged with having sold liquor on Sunday. The affidavit against Leppin was sworn out by Mrs. "Win" Clifford. It seems that her husband got on a wild drunk Sunday. Mrs. Clifford found out where he got his whisky and accordingly she got after Leppin. He paid the usual \$25 fine and costs.

Fred Armstrong's Condition.

A few days ago Rev. Harry Waller, of Flushing, New York, called at the New York hospital, where Fred Armstrong is temporarily located, and found him getting along nicely. He is making himself useful by assisting the nurses at the hospital.

A box containing the same articles sent to Porto Rico to Company H boys was sent to Mr. Armstrong through Mrs. Jessie Bolles, who will call at the hospital this week and leave it with Mr. Armstrong.

A COAL MINE

Has Been Purchased by Mr. York and Others.

The New Company to Organize at Huntington, W. Va., Tomorrow—The Mine a Good One.

Mr. L. D. York and others have concluded a deal by which they have become the owners of the mines and equipment of The Mingo Coal and Coke company of West Virginia.

The plant of this company is located at Hatfield, Mingo county, West Virginia, along the line of the Norfolk & Western railroad. The mine originally was called the "Alma," but later was changed when The Mingo Coal and Coke Co. secured control. The company did an extensive business but came to grief some months ago and John Williams, a former Portsmouth man, became receiver and took charge of affairs. He recognized the value of the mine and interested Mr. York in it. The latter immediately organized a company and was about to purchase the mine when the Burgess was destroyed by fire. This necessarily deferred the matter, but a few days ago it was taken up and the mine changed hands. The new company have changed the name to "The Mingo Coal company." Those interested will meet in Huntington tomorrow to effect an organization. It is understood that Mr. York owns one-half of the stock of the new company.

The coal that comes from the Mingo mine is one of the finest of Virginia coals for steam purposes and is warmly recommended by those who have used it. Mr. York is getting affairs in such shape that when the new mill is built he will be in position to rush work rapidly and miners' strikes will not bother him hereafter.

A Bad Runaway.

A team belonging to Clyde King, of Kentucky, and driven by Charles Davis, figured in a runaway on Front street last night. The team ran into a post near Union street and was captured. The wagon was loaded with flour and this was strewn along the route.

CONVICTS

In French Guiana Make a Dash for Liberty.

Overpowered Their Guards and Seized All the Arms and Ammunition in the Military Storehouses.

By Telegram to THE TIMES.

London, Sept. 21.—A special from Paris announces a mutiny at Cayenne, the capital of French Guiana, among the convicts. The mutineers murdered their guards and seized the arms and ammunition in the military store-houses. They are now besieging the principal prison and it is feared they may liberate four thousand convicts. Troops have been asked from Martinique, but it is said they cannot arrive in time.

J. L. PATTERSON, Editor and Manager.

The "Scioto Valley Chestnut", called the Blade, had fourteen columns of boiler-plate in last night's issue, yet it assumes to be a newspaper.

Senator Faulkner, of West Virginia, takes the place of Senator Gray, of Delaware, on the Canadian commission. The Delaware senator has sailed for Europe as a member of the peace commission. The Canadian commission is almost of as much importance. Reciprocal or freer trade with Canada will be of more value than anything we are likely to gain at the Philippines.

One little communication to the Press seemed to stir up the animals at the court house in wonderful shape. This instance of favoritism is nothing when compared to the distribution of the turnpike fund among Higgins, Clark & Co.'s tools in the various townships. So outrageous has become this species of bribery that they are compelled to hide their work by bunching their expenditures, thereby keeping the names of their tools in the back ground.

Alva Crabtree, the Democratic candidate for congress in this district, is an able man. He is a splendid orator and would be willing to meet Mr. Morgan in joint debate on the issue involved in this campaign. He is well known to the people of this district and is thoroughly acquainted with their needs. He is a man of excellent character and good attainments. He is a farmer located on a farm near California, Pike county. He would enjoy a joint discussion with Mr. Morgan if Mr. Morgan be desirous of entering the lists.

The government yesterday ordered 4,000 Western volunteers now at San Francisco to Manila. This will bring the force at the Philippines to 20,000. As \$1,500 a man per year is the estimated cost of our troops in foreign service, this Manila army will cost \$30,000,000; the 12,500 assigned to Porto Rico will cost \$18,750,000, and the 60,000 to Cuba \$90,000,000 or in all for the three proposed colonies the military occupation will cost for the first year \$138,750,000. And this is not all, for the civil administration will mount up to a pretty figure. As Dr. Franklin remarked, we are paying pretty dear for our expansion whistle.

The petty fling made by the Times at Auditor Tracy Monday night will interest but few. The people know that Mr. Tracy has made a capable, industrious and painstaking officer. No one expects the Times to be happy about anything.—Blade.

It has reached that point in Scioto county that it is a "petty fling" to quote the law as to the duties of an official in Scioto county. The law says the commissioners shall make their report to the common pleas court before the third Monday in September. It was done this year for the first time since Mr. Tracy has been auditor. The Blade regards it as a wonderful thing for an officer in Scioto county to obey the law once during his term of office.

The sickness and mortality in the other volunteer camps appear in a new light in connection with the facts about Camp Cuba Libre, Florida. Senator Faulkner, of West Virginia, is responsible for them. General Lee, it will be remembered, is an ex-Confederate cavalry officer of high rank and great experience in

dealing with the sanitary difficulties of field and camp in actual warfare. He has been in command of Camp Cuba Libre, near Jacksonville, where climatic conditions are much more trying to health than at Chickamauga. Among the 30,000 men under his command there has been comparatively little sickness, and there have been very few complaints about their life there. This experienced ex-Confederate officer knew just what was needed in every emergency, and he knew just what to do under all circumstances. He made the best of all existing opportunities. It is expected his corps will go to Cuba, and he has bent his energies to keeping them in good condition. He had the most careful inspection of his camp made every day from its establishment. He not only worked diligently himself, but also inspired his officers with the same spirit of activity that actuated himself. In spite of the excessively warm weather the percentage of sick men reported from Camp Cuba Libre was smaller in proportion to the numbers stationed there than from any other large camp in the country.

Ed. Times:—A few years since we had the honor of being called upon by an attorney employed by the county treasurer to collect delinquent taxes. It was explained to us that we were delinquent as to the payment of our personal taxes. We paid our taxes and received receipt therefor. At the next time for the payment of taxes we were again called upon for the same delinquency.

We are informed that a commission of 15 per cent. was allowed this attorney for our collection. Had we been informed of our delinquency by circular letter, or even by postal card, we should have paid it, and thus saved the county this percentage.

We were pleased to see the communication in the Press of last Saturday from "Taxpayer." We were also much more pleased to see the Blade verify the communication and attempt to explain the matter by introducing other matters having no connection with it, and explaining the "roorback" simply by saying, "It is settled."

Let us have a full list of those from whom these taxes were collected by "Uri." We are interested in knowing whether it will contain the name of a certain gentleman, said to be well versed in the law pertaining to the collection of delinquent taxes. This gentleman lives in the Fifth ward of our tax-burdened city.

We are informed that there is the small sum of \$385.00 of delinquent personal taxes, which was placed upon the tax duplicate against him by our city board of equalization in the year 1895.

If "my son Uri" has collected this, let us know it, so that we may honor him as he so richly deserves. If he has not collected it, by all means call him in and set him to work upon it, as he is said to have "done splendid" when collecting taxes last spring.

We are further informed that a complete list of delinquents of past years will show the names of several influential gangsters, some of whom make regular trips to the county treasury for their allowance. Give us the list. TAXPAYER NO. 2.

"Taxpayer No. 2" seems to have had some experience in the official house of Higgins, Clark & Co. He seems to feel that wrongs have been committed against the taxpayer, while the political tools of Higgins, Clark & Co. have been rewarded. This will be a subject for investigation by Messrs. Searl and Hughes. Another subject for investigation will be the vouchers for the stationery for Higgins, Clark & Co., now being used by their agents at the court house. "Taxpayer" seems to think that to be consistent "My Son Uri" should be turned loose on all the delinquents and that all should be held up alike. This would be the natural supposition, but such things only occur in a free country. Nothing of the kind can be expected under the rule of Higgins, Clark & Co. If the \$385 was due from other than a tool of this infamous company of political sharks, it would have been gathered in by the execution route long since. No doubt "Taxpayer No. 2" has come to his senses lately and now realizes how the machine is working. If there are from 600 to 1,000 Republicans so completely disgusted by gangism in this county as to vote for men this fall instead of for the tools of Higgins, Clark & Co., the time will come when justice will be done to all.

The singing throughout was highly enjoyable and the special features were bright, avoiding many of the old chestnuts. They are an up-to-date minstrel company and were deserving of a better house.

THAT no one remedy can contain the elements necessary to cure all diseases is a fact well known to everyone. Dr. Miles' System of Restorative Remedies consists of seven distinctively different preparations, each for its own purpose.

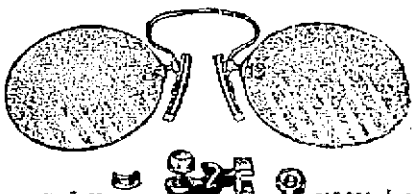

Mrs. L. C. Bramley, 37 Henry St., St. Catharines, Ontario, writes: "For years I suffered from extreme nervousness and annoying constipation, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation and a constant feeling of weakness and prostration. I began using Dr. Miles' Nervine, Heart Cure and Nerve and Liver Pills and the Anti-Pain Pills to relieve sudden paroxysms of pain and headache. I soon felt much improved and the pains and aches and weariness left me. I then took Dr. Miles' Restorative Tonic and am now restored to my former good health."

RAVEN ROCK

Will Be Fixed Up and Put on Exhibition.

Col. Wm. Grice's Plans in Reference to That Famous Landmark—A Prospective Park.

The great lookout point, known as Raven Rock, will soon be one of the most attractive spots in Scioto county. While the owner, W. B. Grice, does not contemplate laying off into town lots the fine table-land on top of the mountain, he does expect to so improve the rock and its surroundings, that it will be easy of access, by cutting a road, making steps, etc., up the steep, rugged hill-side, cutting away the superfluous trees and undergrowth, and so arranging that when once on the rock the grand view up and down the beautiful valley of the Ohio will be unobstructed. The view from the rock is grand, extending from twenty-five to fifty miles up and down the river. It was on this rock the Indians used to place their sentinels, watching for the early white settlers, as they were trying to float down the river unobserved by the Indian. As their canoes came around the Sciotoville bend a signal from Raven Rock would give the camp below warning of the approach of the canoe, and many a scalp was added to their girdle through this sentinel work. This rock is peculiarly fitted for this, as when the trees and underbrush are trimmed, a person while standing in an opening or crevice behind the main rock can look through windows, or port-holes, unobserved from the road or river. From these crevices one has a good view up and down the valley. Mr. Grice contemplates so arranging this grand old historical spot that it will be a pleasure to visit it. A park will be made of the level ground; shade trees will be placed where needed; convenient buildings will be erected to shelter in case of storm, and in the near future Raven Rock will be a retreat for picnic parties and others wishing to spend a day where they can get the western breezes and avoid the foul smell of the Scioto bottoms and the disease germs of the city.

Have a Deficit.

At a meeting of the executive board of the Army and Navy League, held Monday evening at the home of Mrs. Geo. O. Newman, the reports presented showed that there was a small deficit in the treasury, about \$6.00 being needed to meet all the bills made by the organization. As a number of citizens who expressed the wish to contribute towards the work done by the league for Co.-H have not yet found it convenient to do so, this will be their opportunity. Donations in cash, to meet this shortage, will be very thankfully received by the league. Same may be sent to the secretary, Mrs. P. A. McKeown, or the president, Mrs. Geo. O. Newman.

ASTHMA CURED AT LAST.

Dr. R. Schiffman Proves His Faith in His Remedy by Giving It Away.

Dr. Rudolph Schiffman is recognized authority on the subject of throat and lung diseases and has, during a practice of over thirty years undoubtedly treated and cured more cases of asthma and kindred diseases than any doctor in the world. He announces that he has at last perfected a remedy which not only instantly relieves the worst attacks but has permanently cured thousands of so called "incurable cases." Dr. Schiffman has perfect confidence in his remedy and in order to convince others of its merits in the quickest, surest way, he has arranged with the well known druggists, Seaborn & Co., Second and Chillicothe streets, to give a liberal sample package to each sufferer applying at his store next Thursday. An opportunity to test, without cost, a remedy so celebrated and promising so much, certainly should be eagerly grasped by every sufferer. Those living out of town will be sent a free sample not later than Sept. 30th by writing simply name and address on a postcard, and sending to Dr. R. Schiffman, 315 Rosabel St., St. Paul, Minn.

IT'S IMMENSE.

Some Facts and Figures Concerning the Big Circus.

The summary given herewith will convey an idea of the magnitude of the Combined Adam Forepaugh and Sells Brothers circuses. The huge tented outfit is moved from town to town on seventy-four cars, all of which are sixty feet in length and require three of the most powerful locomotives ever built to haul them. These cars are owned by the show management and were built especially for them by the Pennsylvania Railroad company. Experts pronounce it the finest railroad equipment ever owned by a circus establishment. In addition to the cars used in transporting the show plant, there are four advance advertising cars, they too, being the property of Messrs. Forepaugh and Sells.

The number of employees in various capacities is legion. The list is as follows: 25 agents, 80 bill posters, 150 canvas-men, 125 grooms, 40 property men, 20 wardrobe men, 12 chandelier men, 40 "razorbacks," or train men, 35 cook-house men, 50 animal men, 15 dining car men, 12 sleeping car porters, 300 equestrians, acrobats, vaulters, gymnasts and other acrobatic performers, and Merrick's Military band of 40 musicians. Then there are the jockeys and charioteers of the hippodrome, and Alexander McGregor's big contingent of Scotch athletes. The executive staff accompanying the show is unusually complete. It includes a manager, with eight assistants; a treasurer with four assistants; a boss canvasser with eight assistants; a boss hostler with six assistants; a superintendent of transportation; a superintendent of menagerie; a museum superintendent; and a Pinkerton detective. The side-show and concert people number eighty-five.

The management of the Forepaugh Sells combination comprises the world's five leading figures in gigantic amusements. James A. Bailey, now in England with the Barnum-Bailey show; Ephraim, Peter and Lewis Sells and W. W. Cole, who formerly operated brilliantly in tented exhibitions in this country, but who for the past ten years has conducted circuses in Paris, Berlin and Vienna. Mr. Cole only recently returned from Europe to take an active interest in the Forepaugh-Sells organization. This big dual show is said to be bigger in every way than anything ever exploited by Barnum in his palmy days. The actual daily expenses, rain or shine, are \$72,00.

The Forepaugh-Sells Federation is the only important circus aggregation that will visit the Middle Western States this season. Its only possible rival, the Barnum-Bailey show, is now in England, and will not return to America until next Spring. The route of Buffalo Bill's Wild West will be confined principally to the Eastern states this summer.

There can be little hazard in predicting a right royal reception for the huge Forepaugh-Sells Combination on the occasion of its forthcoming visit here. All the country hereabouts will be in town to participate in the big holiday, which bids fair to be the most notable gala event in the history of the county.

INTERESTING ARTICLE

In the Harper's Bazaar in Reference to a Portsmouth Literary Club.

Some time ago members of the Woman's Literary club of this city received notice that Harper's Bazaar of September 17th would contain an article of interest to the club. When the Bazaar finally came to hand it was found that there was an interesting article on the Woman's Literary club of this city. Accompanying the article is a portrait of the late president, Mrs. Mary Adams Draper, which is an excellent likeness.

The Chillicothe News, in speaking of the article, says among other things:

"Mrs. Draper is not only known as a charming woman socially, but she is prominently identified with all club matters in Ohio and is an organizer and musician of exceptional ability."

Tuesday he was nominated as candidate for congress by the Democratic congressional convention.

The attention of a reporter of the Times was called to today's Tribune, which was being distributed on the business streets of the city this morning. The citizen calling attention to this free distribution said: "I was surprised to see it again being freely thrown into the business houses, but upon examination I found county advertising in it, and it was the only way to make a pretense of fulfilling the law. These things may last for awhile, but the time is coming when Higgins, Clark & Co. will not be all of the Republican party."

SCHOOL DAYS
APPROACH.

The boys have had a high old time during vacation, and while their boyish sports and outdoor exercise have given their cheeks a brighter glow of health, their clothes in many cases are the worse for the fun and they must have a new suit. Where to get the best for the least money is what is puzzling some parents, but there are many parents that know from experience that we always sell Boys' Clothing a little cheaper than any other house.

RESOLUTIONS

Adopted by Democratic Congressional Convention.

They Have the Right Ring and Show Clearly the Position of the Party on the Issues.

The resolutions adopted by the Democratic congressional convention yesterday afternoon are given below. The resolutions have the right ring and should be read carefully by every subscriber:

"Resolved: That we arraign the Republican party for its failure to fulfill any of the promises made in its St. Louis platform."

"Resolved: That we condemn the present administration for its dilatory manner in dealing with pensions claimed and its violation of the rules of evidence in the prosecution thereof, thereby repudiating its promises to the soldiers who preserved the union of the states in 1861-65."

"Resolved: That the Democracy of the tenth congressional district, in convention assembled, hereby reaffirm the principles of the National platform adopted in Chicago in 1896, and the principles contained in the platform adopted by the Democracy of the State of Ohio at its recent convention at Dayton."

"Resolved: That the late war has been attempted to be used by the administration for the advancement of political friends without regard to their fitness, all of which has been made manifest by the schemes of plunder and corruption in army management as shown by the suffering, disease and deaths among the gallant and faithful soldiers of its rank and file, victims of a set of political schemers and hucksters enthroned in power."

"Resolved: That we commend the courage, fidelity and patriotism of our volunteer soldiers and sailors in the war for free Cuba. We hold that the threats against our volunteers who have seen fit to criticize the incompetency and corruption of high officers meets our unqualified condemnation, and the denial of the right of petition and the almost universal threats of court-martial is a violation of the most sacred rights of American citizenship. We hold that no citizen forfeits any civil rights or public expression when he enters the army or navy as a patriot volunteer."

"Resolved: That the experience of late years should convince all that the people's safety and the country's welfare demand a return to those cardinal principles of the Democratic faith as laid down by Jefferson, Jackson and Bryan, based on justice, and aiming at equality of rights and opportunities."

IN RUINS.

Awning Wrecked by the East End Steamer.

Tongue Broke and the Steamer Ran Wild and Lee Hyatt Suffered the Consequence.

The crew in charge of the steamer of the East End fire station had an exciting experience Tuesday evening while making the run in response to the alarm sent in from box 25.

The steamer was coming down Eleventh street, with Driver Pyles on the seat. Just as the engine crossed the C. P. & V. railroad crossing the tongue of the steamer pulled out. The steamer swerved and crashed into the awning of Lee Hyatt's grocery, knocking down the three posts supporting it. A government mail box, which was in the road, was demolished.

Driver Pyles pluckily stuck to his engine. He held onto the horses until he was almost pulled off the steamer. He then put on the brakes and tried to stop the steamer and was bumped against a post and badly bruised. His injuries are not serious. The steamer was damaged, but the breaks can all be repaired here.

SPECIAL SERVICES.

Eight-Day Mission to Be Held at All Saints Church.

The rector of All Saints church desires to announce to the people of Portsmouth that the Archdeacon of Madison (Wis.), the Rev. Percy Webster, will hold a mission in All Saints church, beginning Monday, October 17th, and continuing eight days. There will be special services each day, instructions and meditations morning and afternoon, children's services after school hours, and mission preaching in the evening. The rector can promise to every one a spiritual feast, and he extends a cordial invitation to all, "high and low, rich and poor, one with another," to attend. The "mission" movement in the Episcopal church is an effort to reach out beyond the harbor gates of parochialism into the struggling sea of humanity, and to let it be known that "whosoever will, may come." On Sunday evening next the rector and congregation of Christ church will join in a united service in All Saints church, when the purpose of the mission will be more clearly defined, and the direct preparation will begin.

D. O. H. Lodge to Be Organized.

Portsmouth Lodge No. 117, A. O. U. W., held a very interesting meeting Monday night. Besides receiving three applications for membership and electing Mr. Ed. Brechner, 18 West Ninth street, district deputy, plans were laid for organizing a degree of honor and also a side degree, known as the Mongullians, of which more will be said later. This lodge is composed of hustlers, and they will leave nothing undone to make the convening of the Grand lodge here next year a rousing success. If these degrees are organized the Grand Master, Fred Daonan, Jr., of Cincinnati, and a special team, will be up and Portsmouth lodge will have a red-letter day. This lodge is pushing steadily forward, having now over fifty members, among whom are some of our best citizens.

Some people may think because Walker only charges 15 cents a meal they cannot get enough to eat. Such is not the case, however, as his meals cannot be classed with other 15 cent meals. The fact is he gives as good for 15 cents as you get other places for a quarter.

National Fraternal Union.

Gus B. Barlow, financial accountant of the Portsmouth Council N. F. U., was in Cincinnati Monday and Tuesday in consultation with the receiver of the seven-year plan and other officers and learned that the case will be postponed until next Monday. All members will be required to pay assessments until further orders.

PRETTY WEDDING

Will the Lauter-Knigge Affair Be This Evening—The Contracting Parties.

This is the date of the Lauter-Knigge wedding, the appointed hour being eight o'clock. The ceremony will be performed by Rev. Father Noonan, of St. Mary's church, at the priest's parsonage on West Fifth street. Miss Rosa Koerner and Mr. Ed. Lauter, brother of the groom, will be the attendants and the only witnesses of the ceremony.

Immediately after the words have been pronounced which make John Lauter and Lizzie Knigge man and wife, the party will be driven to the cottage at 40 West Seventh street, which the groom has made ready for the new home of the happy couple. Here the relatives and intimate friends—in all about forty in number—will be waiting to receive them. An informal reception will be held and refreshments served. The bride's wedding gown is of white organdie, with ribbon trimmings.

Mr. Lauter is a foreman at the Burgess Steel and Iron works, while his bride has been a trusted employee at Drew, Selby & Co.'s for several years. Both have a host of friends, with whom the Times joins in extending best wishes.

CHURCH PAPER

To Be Issued Jointly by Revs. Herron and Tupper—Objects of the Paper.

Rev. Dr. Tupper, rector of Christ church, and Rev. J. D. Herron, rector of All Saints, contemplate the publication of a church paper in Portsmouth. They will endeavor to make it a first-class religious periodical, to be issued monthly and jointly in the interest of both parishes. If a sufficient number of advertisements are secured in time, the first number of "Church Echoes" will appear in the early part of October.

Both gentlemen have had considerable experience in the journalistic field and will no doubt give us a very readable and entertaining paper. The price of subscription is fifty cents per annum and the first copy of the paper will be sent to every church family in the city. Advertisers will receive a copy of this paper free.

No Need of Lying.

The man that has the big whale on exhibition at the wharf has no need of lying about the size. There was a big bet between a party of our business men yesterday that the whale wasn't forty-five feet long. A delegation was formed and sent to measure the animal. The Captain kindly consented, and the tape-line was drawn across the monster's back, telling the story of over sixty-two feet from tip to tip.

ADVANCE CAR

Of the Famous Pawnee Bill Wild
West Show in the City.

The bill car for the Pawnee Bill
Wild West show, that will exhibit
here October 5th, is lying at the B.
& O. S-W. depot. It is under the
management of Mr. Wm. Pyles, an
expert in his line. He has fourteen
experienced bill posters that cover
the distance of twenty-five miles in
all directions from where the show
will exhibit. With the car is also a
lithographer and programmer. The
press agent, Mr. Jno. McAdams, is a
very clever gentleman and a hustler.
The amount of flour which is con-
sumed by this one car is somewhat
surprising, being ten barrels per
week. From here they go to Athens,
O., that being their next stop. Bill
car No. 2 will be here next Wednes-
day to re-bill the city. Mr. Rob't E.
McNiff, who formerly played the
calliope for P. T. Barnum's circus for
seven years, is now connected with
the Pawnee Bill show as programmer,
and through his courtesy the writer
was shown through the car, which is
neatly arranged, having cabinets for
the different classes of lithographs on
one side and sleeping berths for the
men arranged on the other side. In
all, it is a very neat and comfortable
car. The car in winter is heated by
condensed steam.

A New Assistant.

Mr. A. C. Wilburn, of the Western
and Southern Life Insurance Co., is
no longer in his position, but has
been succeeded by R. B. Smith. Mr.
Smith has been a very industrious
and prosperous agent for the past
seven months and no doubt will make
a very able assistant superintendent.
Mr. Wilburn is visiting his mother-
in-law at Vesuvius now and will re-
turn to Portsmouth next week.

From Gallia County.

John Bocock, the insane man cap-
tured near Haverhill a few days ago,
belongs in Gallia county and is re-
ported to be quite wealthy. His
guardian, Ira W. Boston, of Galli-
polis, has offered \$25 reward for in-
formation of his whereabouts.

Mrs. Harris Moreland, 320 Chillicothe
street, is making unusual prepa-
rations for her opening next Tues-
day and promises the daintiest mil-
linery display ever shown in this city.
Correct styles, exquisite goods,
artistic work. 21-5

A Picnic.

Several young ladies of North Wal-
ter street were picnicking on the West
Side Tuesday afternoon. They were
chaperoned by Mrs. S. C. Brooks.
The girls say they had a pleasant
time.

A Lucrative Position.

Gus B. Barlow, has been offered
and will probably accept a lucrative
position with a large publishing house
in Chicago. The work to be superin-
tendent of salesman in the states of
Ohio and Indiana.

The whale is a wonder and well
worth going to see. You can stand
erect between its jaws. The mayor
and police force viewed the monster
yesterday. It is on exhibition day
and evening.

A Dance.

The Excelsior Brass band gave a
dance Tuesday evening at Richard-
son's hall. It was well attended.
Good order was maintained and a
pleasant time was had until a late
hour.

Walker's restaurant received a
crate of Rocky Ford cantelopes to-
day, which will be served for dinner
tomorrow.

Diphtheria.

A small child named Smith, died
from diphtheria last evening at the
residence of a Mr. Ferguson on Mar-
ket street.

Don't fail to hear Miss Hitchens at
the First Baptist church Thursday
evening, September 22d.

OBITUARY.

LAUBLY.

Charles Laubly, the fourteen-year-
old son of Chris. Laubly, of Chillicothe
street, died this morning at
6:30 o'clock. The deceased has been
an invalid all his life. He was seri-
ously sick, however, but two or three
days.

The fact of his being an invalid has
endeared him to the family more than
possibly would have been otherwise.
About two months ago his mother
died, and this makes the death of the
young man doubly sad for the family.
Arrangements are not yet completed
for the funeral. Notice of time and
place will be given tomorrow evening.

A QUIET WEDDING.

Mr. Ed Welch and Miss L. M. Taylor
United in Marriage This Afternoon.

This afternoon, at one o'clock, at
the parsonage of the Second Presby-
terian church, Rev. S. B. Alderson
officiating, a quiet, but very pretty
wedding took place in which Mr. Ed.
Welch, the popular city salesman for
B. Augustin, and Miss L. M. Taylor,
of West Third street, were joined
together in the happy bonds of wed-
lock.

Immediately after the ceremony
the happy couple took the C. & O.
for their wedding trip. They will
visit Cincinnati, Dayton and Colum-
bus, O., and also spend a few days at
Esculapia Springs, Ky. On their way
to the train and in passing the
wholesale grocery of B. Augustin,
where the groom is an esteemed em-
ployee, the couple were treated to a
generous shower of rice by his co-
laborers.

On their return they will go to
house-keeping at once on Findlay
street, where the groom has a house
neatly furnished ready to receive his
bride.

The Times wishes the newly
wedded couple much joy and happi-
ness, and may their life be one long,
pleasant dream.

A HOME WEDDING

That Was a Very Pleasant Event—A
Happy Couple.

One of the pleasantest home wed-
dings that has occurred in the city
for a long time took place today at
one o'clock, at the residence of
Charles Thompson, on West Seventh
street, the contracting parties being
Mr. Orlando Welling, a prosperous
plumber of Covington, Ky., and Miss
Jessie Schultz, the handsome and ac-
complished daughter of Mrs. Thomp-
son. Rev. Toensmeier, of the Ger-
man Presbyterian church, officiated,
only the immediate relatives witness-
ing the ceremony. A large number
of useful, handsome and valuable
presents were received.

Mr. and Mrs. Welling left on the
F. F. V. for Covington, where they
will make their future home.
The reportorial force of the Times
acknowledges the receipt of, and are
certainly thankful for, delicious cake,
and join with the many friends of
the happy couple in wishing them a
life of pleasure.

Those present from a distance
were: Mrs. Welling, mother of the
groom; Miss Welling, a niece; Albert
Welling, a brother of the groom, and
Lou Bresatele, of Covington; Mrs.
Frank Motz and Mrs. Kate Christian,
of Jackson.

He Brought Back a Bride.

Mr. Clifford Stratton, who is in the
employment of Dr. Kline, went to
Ironton last week and brought back
a bride by the name of Minnie Wood,
whose home is in Ironton. Mr. Stratton
has been trying to keep it a
secret, but it has leaked out. How
about it, Clifford? The writer and
all of his friends wish the couple
much joy through their journey of
life.

The above was mailed to the Times
office today. Mr. Stratton was called
up by telephone, but only laughed
and said he guessed it would be all
right to publish the card.

Won on His Merits.

George Wilson claims that his fight
with Ed. Bennett was on the
"square" and that he won fairly on
his merits. He says all present at
the fight will say this.

In a Critical Condition.

The friends of Mr. John A. Wil-
helm, of East Eighth street regret
to learn that his illness has taken a
more serious turn and that his condi-
tion is now very critical.

Only During September.

Remember the special sale on solid
gold watches only lasts at C. H. Har-
ris' jewelry store until October 1st.

Mrs. Robert McDowell, of West
Seventh street, has been quite sick
for several days with lung trouble.

EXPLOSIVE DUST

Causes a Terrible Accident In an Elevator.

MANY LIVES SNUFFED OUT.

Foreman Parks Blown Through a Window and Injured.

A DISASTROUS FIRE ENSUES.

The Entire Plant, With Thousands of Bushels of Grain,

IS CONSUMED BY FIERCE FLAMES.

While Twenty Men Were at Work Removing Grain From the Union Elevator a Terrible Explosion Occurred, and in a Short Time the Whole Structure Was Enveloped in Flames—The Origin of the Fire Is Attributed to Spontaneous Combustion—Bodies of Victims Recovered—Statement of the Losses and Insurance.

Toledo, Sept. 21.—Ten men cremated, six more fatally burned and eight seriously injured, is the record of the most disastrous fire that ever occurred in Toledo. The spontaneous combustion of dust in the grain elevator owned by Paddock, Hodge & Company, caused this terrible destruction of life, and none of those who were taken out after the fire started were able to tell any of the details.

The Dead.

Samuel Alexander,
Bert Walright,
Fred Garrett,
Harold Parks,
John Smith,
Grace Parks,
Frank Van Housen,
John Carr.

The injured: David Kemp, Barney Welch, Charles Keifer, Fred Pargillis, Elliott, Charles Brooksecker, Everette Smith, Hamilton Parks, William J. Parks, W. C. Jordan, Peter Haas, Al Baldie and four others, names not known.

William J. Parks, the superintendent, after being blown through the window of the lower story, was conscious for a moment and said that about 3:30 a terrible explosion occurred on the south side of the elevator and that he knew there were about 20 men at work on the seven floors of the enormous building.

None of those who are now alive will survive the burns and bruises with which they are covered. Besides those regularly employed at the elevator the three children of Superintendent Parks were visiting him at the time. One of these may recover from his burns, but Grace, a 17-year-old girl, is burned almost beyond recognition, and Harold, the third child, has not been found, being either blown to atoms or cremated.

At 3:30 the people of East Toledo were startled by a terrible explosion, which caused a panic all over the neighborhood.

Houses were shaken as in an earthquake, and windows were shattered for blocks around. Those in the vicinity of the union elevator soon noticed flames bursting from all sides of the building.

It was but a few minutes till the fire department of the city began the work of rescue, which was rendered difficult by the terrible heat of the fire.

The river cut off escape on one side

and there the flames seemed to be less fierce.

Indescribable Scenes.

The families of a dozen men who were known to be at work within rushed to the scene, and women calling for their imprisoned husbands, brothers and fathers made a scene indescribable.

It was learned that the force of 20 men expected to load 80,000 bushels of grain during the night. Not one of the entire number could be seen in any part of the building, and it was impossible to reach them in any way.

William Parks was found first. He was 20 feet from the building, frightfully burned and his clothing almost entirely torn off. He had been hurled from his place in the main room through a window and his agonizing cries were most pitiful.

Another employee, John Carr, was hurled from the fifth floor of the building, and was bleeding and burned with many bones broken. He did not long survive. Fireman David Kemp and Charles Keifer, the engineer, were found at their places in the engine rooms. They were wounded by falling timbers, and their faces were charred to a crisp by the flames.

The little daughter of William Parks was sitting at the desk in the office at the time of the explosion, and she was hurled out of the door. She walked down the elevation on which the building stands and dropped down, to be carried away unconscious, suffering from wounds, from which she cannot recover.

John Smith was fatally burned. He was literally disemboweled, and was taken to the hospital to die.

The heat became so intense that 20 cars standing on siding near the burning building were added to the loss. The fire department had a hard struggle to save other elevators and property.

The bridge across the Maumee river was on fire several times, but outside the loss of the elevator the damage is slight.

Mr. Paddock, a member of the firm owning the plant, said that there was between 500,000 and 600,000 tons of grain in storage at the time, the most of it being winter wheat. The property and the grain is an entire loss, and will reach \$550,000. The insurance is \$135,000 on the building and the grain is covered with \$258,000 insurance.

Superintendent William Parks and one of the unknown injured men died of their injuries, making the total number of fatalities 10.

Rev. Crabtree Nominated.

Portsmouth, O., Sept. 21.—At the Democratic congressional convention for the Tenth district Gallia county was not represented and Adams had only one delegate present. E. A. Crawford of Adams and Rev. Alva Crabtree of Pike contested, and on the first ballot Crawford received 32 votes to 30 for Crabtree. Scioto attempted to change to Crabtree, and a wrangle occurred. Crawford finally withdrew. Crabtree was then nominated by acclamation.

Governor Bushnell Admitted.

Cincinnati, Sept. 21.—In addition to the names of candidates for 33d degree Scottish Rite Free Masonry whose names have been mentioned the Hon. Asa Bushnell, governor of Ohio, and Thomas Kite of Cincinnati were, under suspension of the rule that requires candidates to stand in nomination one year before initiation, admitted as candidates at once and permitted to receive the degree with the regular candidates.

New Incorporations.

Columbus, O., Sept. 21.—The Barben Remedies company, Cleveland, capital stock increased from \$10,000 to \$100,000; the American Employees' Life and Accident Insurance company, Cincinnati.

Body Recovered.

Marietta, O., Sept. 21.—The body of George R. Waters, a Pittsburg attorney, who has been missing since Saturday, was recovered from the Ohio river.

Fifty-to-One Shot.

Cincinnati, Sept. 21.—Bessie Ewings, at 50 to 1, beat Volandini in a hard drive at Newport.

First Political Speech.

Detroit, Sept. 21.—Webster Davis, assistant secretary of the interior, addressed the first meeting of the political campaign in Michigan. The meeting was arranged by the officers of the State League of Republican clubs. The audience was singularly small for the occasion, the chief interest centering about the hotel lobbies, where slates for the minor state offices were being made and broken. Judge C. A. Bowersox of Bryan, O., also made a spirited address.

Will Visit Lafayette's Tomb.

Paris, Sept. 21.—Ferdinand W. Peck, the United States commissioner to the Paris exposition of 1900, and his staff, will visit the tomb of Lafayette as a token of respect. Mr. Peck is not receiving and encouragement in his efforts to secure increased space at the exposition for American exhibits.

Pennant Goes to Kansas City.

Kansas City, Sept. 21.—In a gallantly fought battle before a crowd of 8,000 fans, Kansas City won the Western league pennant for 1898. The game was resplendent with brilliant plays and won strictly on its merits. Gears' masterly pitching was the decided feature.

Booked For Ohio.

Washington, Sept. 21.—Postmaster General Emory Smith, in addition to other political addresses, has agreed to make one at Columbus, O., Oct. 15. His presence on this date was secured by the Ohio Editorial association.

A CRITICAL TIME

During the Recent Battle of Santiago.

Sick or Well, It Was a Rush Night and Day.

Packers at Battle of Santiago De Cuba Were All Heroes—Their Heroic Efforts Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep healthy; in fact I sincerely believe our that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by Fisher & Streich.

WINE OF CARDUI

MONTHLY SUFFERING.
Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McELREE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

VISITS HOSPITAL.

President McKinley Makes an Unexpected Call.

Secretary Alger Among Soldiers in Camp at Lexington.

INTENTION OF THE GOVERNMENT.

Head of the War Department, in a Short Address to the Boys in Blue, Said That Uncle Sam Will Continue to Do All in His Power to Provide For the Wants of Enlisted Men—Suggestion to Citizens Who Find Fault.

Washington, Sept. 21.—President McKinley made a personal inspection of the hospital at Fort Meyer, Va. Accompanied by Adjutant General Corbin, the president left the White House at 1:30 p. m. and drove unannounced to the fort. He proceeded directly to the hospital, and introducing himself to Major Davis, the United States army surgeon in charge of the hospital, informed him that he had come to make an inspection of the institution and to pay his respects to the patients and those in charge. The president passed an hour and a half in the various wards and departments of the institution, going from cot to cot and extending a personal greeting to each one of the nearly 400 patients. Major Davis presented him to each one of the assistant surgeons and nurses, and subsequently the president talked informally to the convalescent patients. The president carefully inspected the kitchen and examined the food for the patients.

Washington, Sept. 21.—The payment of such soldiers as were not with their commands when the regiments were mustered out is one of the problems that has been presented to the war department officials.

Some time ago orders were issued directing regimental and other commanders to have soldiers on sick leave or furlough furnished with descriptive lists so that they might be paid off if they were not with their commands. Some of the officers have neglected to do this. Then again, cases have arisen where soldiers have gone into hospitals and their commands have been transferred to other camps or come to be mustered out, and nothing was left with the sick soldiers to identify them for the receipt of their pay.

An instance of this was discovered by Secretary Alger in a hospital at Lexington. He telegraphed Paymaster General Stanton that there were 96 men in the hospital there who had not received their pay for July.

There was nothing to identify the men to the paymaster, as their regimental and company commanders had not furnished them with any means of identification. General Stanton immediately ordered that they be paid for July, and will now undertake to

trace down their records so as to keep his accounts straight. Such a payment was irregular to some extent, but General Stanton concluded to take chances, believing that the records of the men could be obtained and the amount paid them charged to them in the future.

Other instances are constantly brought to the officials of the war department. Several members of Roosevelt's Rough Riders were at the department with a note from Colonel Roosevelt asking that the department take some steps looking to the payment of the men and giving them transportation to their homes.

These men were on furlough or sick leave when the regiment was mustered out. They were in Santiago when the former order was issued regarding the identification of the troops on sick leave or furlough.

They returned from their leaves to Camp Wikoff and found no regiment to report to.

They were apparently without any status before the war department. General Wheeler did not know what to do with them.

Colonel Roosevelt decided to send them here. At the department their records were looked up, and as General Stanton remarked, "we provided them with papers so they could get their pay."

These men were given all that they were entitled to under the law and sent home feeling well satisfied.

They had a pleasant interview with Acting Secretary Meiklejohn, who asked them many questions about their campaign in Cuba and the hardships they had endured.

to No Hurry.

Camp Meade, Middletown, Pa., Sept. 21.—Major General Graham thinks the war department will not be in a hurry to break up the Second Army corps. His troops are accustomed to the cold weather of the north, and they would probably withstand the rigors of the climate at Camp Meade better than the enervating atmosphere of the south. The only southern regiments in the corps are the Second West Virginia, First Maryland and the Second Tennessee, all the others being from the north. General Graham favors the retention of the troops at Camp Meade until it becomes necessary to send them to the West Indies and the Philippines.

Alger at Lexington.

Lexington, Ky., Sept. 21.—Immediately after the review Secretary Alger made a short address to the soldiers admonishing them to be strong in their duty to their country. He said the government had always done and will continue to do all in its power for the enlisted men. He declared the citizens, instead of finding fault with the government should lend their country their assistance by helping the soldiers all they could. This sentiment was warmly cheered and the secretary added that he was glad to say that he had heard excellent reports from the citizens of Lexington along this line.

Cavalry Changes.

Washington, Sept. 21.—Orders were issued to the commanding officer at Montauk directing that headquarters and one battalion of the First United States cavalry, to be designated by the regimental commander, will proceed to Fort Riley, Kan., and the remainder of the regiment to the Department of Dakota to relieve the troops of the Eighth cavalry. The horses of the first cavalry will be sent with the other cavalry horses to be shipped to Huntsville, Ala., for the use of the Eighth cavalry upon its arrival.

Not Any Violation.

Washington, Sept. 21.—Some question has arisen as to the right of the United States to send troops to Manila under the terms of the protocol and the armistice which followed. Upon this matter being brought to the attention of the officials of the war department it was stated that under the protocol Manila city, harbor and bay were placed under control of the United States, and that we have the same right to reinforce Manila that we would have to send troops to any other army post.

Spain's Peace Commission.

Washington, Sept. 21.—The personnel of the Spanish peace commission has been communicated officially by the Madrid government to the French embassy, and through Ambassador Cambon to the state department. The list is the same as that given in press dispatches, with some additional information as to the several members.

New Fever Cases.

Washington, Sept. 21.—Nearly 1,200 of the American troops at Santiago are on the sick list, and General Lawton reports 88 new cases of fever.

Lynching Expected.

Glasgow, Ky., Sept. 21.—Johnson Franklin, while drunk, killed his mother-in-law, Mrs. William Bowles, near Beckton. It was a most atrocious murder. Lynching is probable. A cave where he is supposed to be hiding is being heavily guarded. Blood hounds have been sent for.

Called on Li Hung Chang.

Pekin, Sept. 21.—The diplomatic representatives of Russia, France, Belgium, Spain and Holland have called upon Li Hung Chang to condole with him upon his dismissal from the Chinese foreign office. Much comment has been excited by the action of these ministers.

Cadet Punished.

Washington, Sept. 21.—By the terms of a court martial sentence approved by the president a cadet has been punished for hazing at West Point. He was suspended without pay till August, 1899.

I., it was placed on a funeral car of the Pennsylvania railroad, attached to the Colonial Express of the New Haven road. The body will reach Washington at 9:45 p. m. and leave that place for Richmond at 4:30 a. m. Friday.

Mr. Fallou Speaks.

Quebec, Sept. 21.—The international commissioners met in joint session for an hour, and adjourned to meet again Thursday. The adjournment is taken because of the ceremonies attending the unveiling of the Champlain monument, in which the members of the high commission are to participate. The American commissioners listened to the arguments of Messrs. Babcock of New York and Fallou of Ohio, who represent the interest of the United States inland fisheries.

Reached No Decision.

Pittsburg, Sept. 21.—The wage scale committee of the Window Glass Cutters and manufacturers adjourned without having reached a decision. The cutters asked an advance of 3 1/2 per cent, or 27 1/2 cents per 100 feet for single strength, and 2 per cent or 20 cents for double. The manufacturers refused the advance, but agreed to pay 27 1/2 cents for single strength and proportionately for double. No time was set for another conference.

May Be an Important Discovery.

Boston, Sept. 21.—A cable message from Dr. Krentz of the European Union of Astronomers announces the discovery by Seraphin of Pulkowa of a star-like condensation in the center of the Nebula of Andromeda. It indicates a change in the condition of the well-known object, the discovery will be of importance.

Filled a Protest.

Boston, Sept. 21.—The New England Sabbath Protective league, of which Senator George F. Hoar is president, sent to Mayor Josiah Quincy a resolution protesting against the action of the mayor and board of aldermen in giving an official reception to the mayor and aldermen of Milwaukee last Sunday.

The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.

My son had a most malignant cancer, for which the doctors said an operation was the only hope. The operation was a severe one, as it was necessary to cut down to the jaw bone and to remove the cancer. Before the cancer was removed, and he was given many medicines without result, and finally the advice of a friend, decided to try S. S. S. (Swift's Specific), and with the second bottle he began to improve. After twenty bottles had been taken, the cancer disappeared entirely, and he was cured. The cure was a permanent one, for he is now seventeen years old, and has never had a sign of the dreadful disease to return.

EXPLOSIVE DUST

Causes a Terrible Accident in an Elevator.

MANY LIVES SNUFFED OUT.

Foreman Parks Blown Through a Window and Injured.

A DISASTROUS FIRE ENSUES.

The Entire Plant, With Thousands of Bushels of Grain,

IS CONSUMED BY FIERCE FLAMES.

While Twenty Men Were at Work Removing Grain From the Union Elevator a Terrible Explosion Occurred, and in a Short Time the Whole Structure Was Enveloped in Flames—The Origin of the Fire Is Attributed to Spontaneous Combustion—Bodies of Victims Recovered—Statement of the Losses and Insurance.

Toledo, Sept. 21.—Ten men cremated, six more fatally burned and eight seriously injured, is the record of the most disastrous fire that ever occurred in Toledo. The spontaneous combustion of dust in the grain elevator owned by Paddock, Hodge & Company, caused this terrible destruction of life, and none of those who were taken out after the fire started were able to tell any of the details.

The Dead.

Samuel Alexander.
Bert Vainright.
Fred Garrett.
Harold Parks.
John Smith.
Grace Parks.
Frank Van Housen.
John Carr.

The injured: David Kemp, Barney Welch, Charles Keifer, Fred Pargillis, Elliott, Charles Brooksecker, Everett Smith, Hamilton Parks, William J. Parks, W. C. Jordan, Peter Haas, Al Baldie and four others, names not known.

William J. Parks, the superintendent, after being blown through the window of the lower story, was conscious for a moment and said that about 8:30 a terrible explosion occurred on the south side of the elevator and that he knew there were about 20 men at work on the seven floors of the enormous building.

None of those who are now alive will survive the burns and bruises with which they are covered. Besides those regularly employed at the elevator the three children of Superintendent Parks were visiting him at the time. One of them may recover from his burns, but Grace, a 17-year-old girl, is burned almost beyond recognition, and Harold, the third child, has not been found, being either blown to atoms or cremated.

At 8:30 the people of East Toledo were startled by a terrible explosion, which caused a panic all over the neighborhood.

Houses were shaken as in an earthquake, and windows were shattered for blocks around. Those in the vicinity of the Union elevator soon noticed flames bursting from all sides of the building.

It was but a few minutes till the fire department of the city began the work of rescue, which was rendered difficult by the terrible heat of the fire.

The river cut off escape on one side

and there the flames seemed to be less fierce.

Indescribable Scenes.

The families of a dozen men who were known to be at work within rushed to the scene, and women calling for their imprisoned husbands, brothers and fathers made a scene indescribable.

It was learned that the force of 20 men expected to load 80,000 bushels of grain during the night. Not one of the entire number could be seen in any part of the building, and it was impossible to reach them in any way.

William Parks was found first. He was 20 feet from the building, frightfully burned and his clothing almost entirely torn off. He had been hurled from his place in the main room through a window and his agonizing cries were most pitiful.

Another employee, John Carr, was hurled from the fifth floor of the building, and was bleeding and burned with many bones broken. He did not long survive. Fireman David Kemp and Charles Keifer, the engineer, were found at their places in the engine rooms. They were wounded by falling timbers, and their faces were charred to a crisp by the flames.

The little daughter of William Parks was sitting at the desk in the office at the time of the explosion, and she was hurled out of the door. She walked down the elevation on which the building stands and dropped down, to be carried away unconscious, suffering from wounds, from which she cannot recover.

John Smith was fatally burned. He was literally disemboweled, and was taken to the hospital to die.

The heat became so intense that 20 cars standing on siding near the burning building were added to the loss. The fire department had a hard struggle to save other elevators and property.

The bridge across the Maumee river was on fire several times, but outside the loss of the elevator the damage is slight.

Mr. Paddock, a member of the firm owning the plant, said that there was between 500,000 and 600,000 tons of grain in storage at the time, the most of it being winter wheat. The property and the grain is an entire loss, and will reach \$550,000. The insurance is \$135,000 on the building and the grain is covered with \$258,000 insurance.

Superintendent William Parks and one of the unknown injured men died of their injuries, making the total number of fatalities 10.

Rev. Crabtree Nominated.

Portsmouth, O., Sept. 21.—At the Democratic congressional convention for the Tenth district Gallia county was not represented and Adams had only one delegate present. E. A. Crawford of Adams and Rev. Alva Crabtree of Pike contested, and on the first ballot Crawford received 32 votes to 30 for Crabtree. Scioto attempted to change to Crabtree, and a wrangle occurred. Crawford finally withdrew. Crabtree was then nominated by acclamation.

Governor Bushnell Admitted.

Cincinnati, Sept. 21.—In addition to the names of candidates for 33d degree Scottish Rite Free Masonry whose names have been mentioned the Hon. Asa Bushnell, governor of Ohio, and Thomas Kite of Cincinnati were, under suspension of the rule that requires candidates to stand in nomination one year before initiation, admitted as candidates at once and permitted to receive the degree with the regular candidates.

New Incorporations.

Columbus, O., Sept. 21.—The Bar-Ben Remedies company, Cleveland, capital stock increased from \$10,000 to \$100,000; the American Employees' Life and Accident Insurance company, Cincinnati.

Fifty-to-One Shot.

Cincinnati, Sept. 21.—Bessie Ewings, at 50 to 1, beat Volandies in a hard drive at Newport.

First Political Speech.

Detroit, Sept. 21.—Webster Davis, assistant secretary of the interior, addressed the first meeting of the political campaign in Michigan. The meeting was arranged by the officers of the State League of Republican clubs. The audience was singularly small for the occasion, the chief interest centering about the hotel lobbies, where slates for the minor state offices were being made and broken. Judge C. A. Bowersox of Bryan, O., also made a spirited address.

Will Visit Lafayette's Tomb.

Paris, Sept. 21.—Ferdinand W. Peck, the United States commissioner to the Paris exposition of 1900, and his staff, will visit the tomb of Lafayette as a token of respect. Mr. Peck is not receiving and encouragement in his efforts to secure increased space at the exposition for American exhibits.

Pennant Goes to Kansas City.

Kansas City, Sept. 21.—In a gallant fight fought before a crowd of 8,000 fans, Kansas City won the Western league pennant for 1898. The game was resplendent with brilliant plays and won strictly on its merits. Gears' masterly pitching was the decided feature.

Hooked For Ohio.

Washington, Sept. 21.—Postmaster General Emory Smith, in addition to other political addresses, has agreed to make one at Columbus, O., Oct. 15. His presence on this date was secured by the Ohio Editorial association.

A CRITICAL TIME

During the Recent Battle of Santiago.

Sick or Well, It Was a Rush Night and Day.

Packers at Battle of Santiago De Cuba Were All Heroes—Their Heroic Efforts Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep healthy; in fact I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by Fisher & Streich.

WINE OF CARDUI

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McELREE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

The Colored Gentleman Claims He Can Send His Children Where He Pleases—Police News.

"Foggy" Henderson, Ollie and Charley Davis, Arthur Hamilton and Bob Starks, the Eleventh street aggregation accused of assaulting Hodge Carr, were tried in police court yesterday and dismissed. The boys told the same story and stuck to it manfully, and there was no evidence against them.

A young man who gave his name as Harry Turner was arrested yesterday for being drunk. It turned out that his name really was Frank Turner. He got the usual fine.

E. P. Fullerton lives in Huntington, W. Va., and works for the C. & O. railroad. He came to Portsmouth on a pass to testify in a suit brought by W. A. Connolly against the C. & O. company. He loaded up on booze and was found trying to hold up the Damarin block this morning by Marshal Schmitt. Mr. Fullerton is in cell 6 at the station house.

Sam Williams, alias Charles Davis, was arraigned before Mayor Glidden today on the charge of stealing a box of cigars from E. J. Kenrick. He sold the cigars to A. Max. Williams plead guilty and was given \$1 and costs and thirty days in the Cincinnati work-house. Williams also had a lot of half-soles bearing the mark of a Richmond, Va., firm, but letters to the chief of police of that city failed to elicit any response.

The case of Truant Officer Joe Johnson against Prof. L. C. D. Anderson, the former principal of the colored schools, bids fair to become a celebrated case. Anderson refuses to send his children to the colored schools. He claims to have "good reasons" for not doing so. He sent the children to other schools and they were denied admission. Anderson has retained Attorney Beatty and will set up the claim that the colored schools are not recognized by law and that he has a right to send his children to any of the schools in the city. An effort is being made this afternoon to compromise the case.

MAJOR SPEAKS

Seeks to Have Fourth Regiment Dismissed—Capt. Biddle's Resignation.

Columbus, O., Sept. 20.—Major John Speaks, of the Fourth Ohio Volunteer Infantry, returned to this city today on a thirty days' leave. His errand to this country is to secure the release of the Fourth regiment from garrison duty, if possible. About four hundred members of the regiment are college students, and others gave up good positions to go to the front. They do not like the idea of staying in Puerto Rico to do garrison duty alone.

"Captain Biddle did resign before he left Puerto Rico," said Major Speaks today. "His resignation passed through my hands, as he was a member of my battalion. It was accepted, and he then left the regiment."

"I know nothing officially of the affair at Guayama, in which he was charged with cowardice. I was five miles from there at the time. However, I will say that Biddle was advised not to resign, and told that if he would hold the fort all would be well with him."—Cincinnati Enquirer.
